

Written Testimony regarding House Bills 4798, 4799, 5134, 5181, 5182

Senate Judiciary Committee Members,

As a citizen of Michigan I am requesting that your committee immediately cease consideration and debate of this disgraceful package of bills. The bills contain no new criminal or civil remedies that don't already exist for the protection of any citizen of Michigan. Your continued attention to matters that restrict women's right to make decisions regarding their own reproductive health are elevating you to levels right alongside those admirable Republican warriors against women cropping up across America. Please rest assured that these efforts will be trumpeted throughout the state and across the country for other women to see and understand. And we won't forget in the voting booth. The time you waste in this debate is valuable and expensive and much better spent on efforts to bolster Michigan's economy, fix and maintain our infrastructure, and get our citizens back to work.

Respectfully,

**Susan Robertson**
